Rules for all round-robin groups including final:

14. If two or more players end with the same score the following factors will be used to define the places occupied:
 - 14.1. the largest number of victories
 - 14.2. largest difference between plus and minus draws
 - 14.3. largest number of plus draws
 - 14.4. the best results between the tied players
 - 14.5. the best results obtained in order of the classification

in comparing the results between the players a plus draw is better than a normal draw which is better than a minus draw

15. If all criteria from the previous point will not decide about the final order:
 - 15.1. for the places 1, 2 or 3 - a deciding tie-break will be played: One tie-break with system Lehmann-Georgiev (15 minutes and 2 seconds added per move for an unlimited number of games). If more players share the place then a round robin tournament with L-G games (10 minutes and 2 seconds). The number of minutes to start with may be changed by the main referee depending on the number of players ending ex-aequo and the time available, if necessary after consultation with the Tournament Director FMJD and the organization.
 - 15.2. for the places 4- ... the places will be shared (prizes will be divided)
16. "Plus Draw"
 - 16.1. When the result of a game is a draw and when there is a difference of 3 men or more (a king counting for two men, e.g. 2 kings and 1 man against 1 king) then the player with the majority gets a plus draw and his opponent receives a minus draw. This rule holds for the draw by mutual consent (see Annex 1 article 7) and for the regulatory draw (See Annex 1, article 6: three times the same position, the 25 moves rule, the 16 moves rule and the 5 moves rule). The players write a 1+ or 1- on their notation forms.
 - 16.2. If a position of a king plus 2 men against a King is reached then, as given in Annex 1 article 6.3, a maximum of 16 moves may be played. If the game is not yet ended the result is a plus draw for the player with the 3 pieces, unless 2 of the 3 pieces are not yet King and their promotion can be prevented by the player with one King.
 - 16.3. If it is clear for both players that the game will end in a plus draw they may agree upon a plus draw even if the difference of three men is not yet reached on the board.
 - 16.4. If it is clear for both players that the game will end in an equal draw they may agree upon such a draw even if there is a difference of three men or more on the board.
17. Specific rules for players delay:
 - 17.1. Every player who will not be present at the start of the opening ceremony will be deleted from the participants list.
 - 17.2. Delaying for the round. Players have to come in time to the playing hall, not later than exactly on the time the games are scheduled to start.
 - a) 1st – penalty 100€ (can be subtracted from the prizes)
 - b) each next time a player is too late the game will be declared lost for him
