Proposition of FMJD-EB decision (to be confirmed by GA)

Rome, April 13th, 2019

World Championships

Motivation:

> For many countries it is very important to present number of countries participated in World Championships. If we define World Cup also as a part of World Championship – this will be very god solution. World Cup will be just included into World Championship system. This is already defined at Annex 17 Appendix A (WCh with 20 players)!

Proposition:

1. World Championship with 40 players (Annex 17 – Appendix B).
    a. Delete 5 places from Challenger
    b. Minus one place for Europe (from 14 to 13)
    c. These 6 free places for:
        i. Add one place for Africa (from 6 to 7), America (4 to 5) and Asia (4 to 5)
        ii. Top 3 of World Cop precious year. This places without country limit

2. World Championship Women (Annex 12 – Appendix A).
    a. One place less for Europe (from 6 to 5)
    b. One place for World Cup winner previous year (place out of any country limit)
