Magda Pawłowska

I finished Poznan School of Banking (finance and accounting).

I speak Polish (native), English and Russian.

I play draughts since 2001. I am multimedalist of Polish Championship amoung Youth and Seniors.
I also won European and World Championship amoung people with disabilities.

I am active draughts instructor and fr referee. I know well problems people with disabilities because I also have disability certificate.

I organized multiple tournament (World Youth Championship (2014, 2017), World Youth Teams Championship (2018), Polish Open (2016-2018), multiple Polish Youth Championship and Polish Youth Teams Championship.

I am President of Polish Draughts Federation since September 2018. Earlier I was treasurer and secretary of PDF (2013-2018).

In my point of view in the future every single year FMJD could organize World Championship amoung people with disabilities in few categories like: blind, visually impaired, deaf, phisically disabled.

As mentioned above, the best option will be when these event be organize under FMJD structure.
I am ready to work for FMJD and take care of the level of tournament organisation for people with disabilities.
