The Board of the Curacao Draughts Federation with proud nominates Mr. Clifton Agata as a candidate for the vacant position of Tournament Director of the World Draughts Federation (FMJD), in the upcoming elections, scheduled for July 3, 2021 in Tallinn during the World Cup.

We believe that the Draughts world needs a person with Mr. Agata's aptitudes, not only for our region, however also in the entire world. Which will service to promote the overall mind sport of draughts and strive for it to become a respected, recognizable and popular sport Wide-reaching. He has demonstrated to be able to managed, adapt and apply the proper growth strategies whenever needed that allowed not only the Curacao Draughts Federation as the President of but also as the President of the Pan-American Draughts and checkers federation to achieve a higher level of awareness in our draughts community worldwide than we currently have. Contrary to popular belief, he focused on both short-term —and long-term results and growth opportunities.

We know that different times and different circumstances call for different leadership skills. So during the last years Mr. Agata for sure had been clearly prepared himself to move up and add value to the overall.

The trends vary by function, geography, and regions—and, of course, by sundry Draughts federations itself. (Many does not have the same opportunities as others). And though we can definitively identify the skills that federations (countries) seek now, pinpointing those that will be useful in the future is unavoidably speculative. Nevertheless, we will review hundreds of players and administrators to get a better view of the development over the past decade or so and interviewing numerous top draughts players about some of the immediate requirements needs from the past, present, and future, we will for sure see and be aware of some clear signals about kind of improvement -level FMJD will be evolving within.

Mr. Clifton Agata is a man whose merits to draughts are known to everyone and for sure within the Curacao, PANAM or international world of draughts.
